

ActivExpression 2

LEARNER RESPONSE SYSTEM

ActivExpression2 allows every student to express themselves in words, phrases, or even full maths equations. With a new QWERTY keyboard no message is too complex to communicate.

Why ActivExpression2?

Communicate — Ready to query the class at any time? ActivExpression2 offers teachers the opportunity to instantly gauge student comprehension and adjust lesson plans based on needs. Self-Paced Learning functionality encourages students to work at their own pace and level and helps all students find confidence and voice their opinions.

Collaborate — Promotes discussion and classroom collaboration by allowing students and teachers to immediately view response and discuss during the lesson. Newly enhanced device comes with a backlight screen to easily view responses.

Interact — Designed to resemble a smartphone creating instant familiarity and usability. Full QWERTY keyboard allows for complex responses beyond simple multiple-choice. Users are able to reply in full-sentences as well as in numbers, symbols, equations, fractions, true/false, Likert scales and more.

Instructional management — Export results to Microsoft Excel, or easily integrate with ActivProgress to save and review data over time and gauge student comprehension.

Enhanced functionality:

- Full QWERTY keyboard
- Supports natural maths equations
- Larger LCD backlight display

ActivExpression 2

Larger display allows for both questions and answers to be displayed

Wirelessly connects up to 500 devices to an ActivHub

Automatic sleep mode saves battery life

LCD screen indicates battery charge

Can be used with or without an ActivBoard

Engage
Manage questions from ActivInspire or Promethean ActivOffice

Key Features

New design — Durable device has a slanted form to sit firmly on a student's desk

Intuitive interface — Designed with a simple, easy to use navigation and backlight screen
