14-DAY TRIAL

A Split Personality!

Stunningly simple software that helps…

learners to plan writing, speaking or projects…

Turn the visual plan…

into writing

Civil Rights

Abraham Lincoln

The paragraph structure is identical to the visual plan. It helps all those who find it difficult to plan extended writing.

&

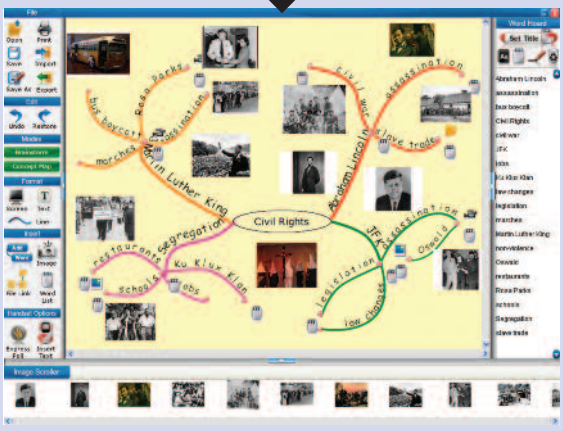
teachers to plan outstanding lessons

Turn these lesson aims (all words!)…

Civil Rights: you will learn:

- About Abraham Lincoln and his key role in the ending of slavery
- About the steps by which the USA became divided into a slave-owning south and a slave-free north
- to examine and explain the causes of the American Civil War and that different people fought for different reasons
- To use evidence to reach conclusions, and appreciate their tentative nature

into a visual lesson plan



The lesson objectives are accessible and stimulating and the visual map has all the links (video, photographs, text files, sound files etc attached and ready to open at a click of the mouse.
